New Zealand Journal of Botany

Volume 17, 1979

CONTENTS

Volume 17, Number 1, March 1979

		Page
Occurrence of manganese-rich inclusions in the root cortex of white clover	GRAHAM D. WALKER	1
Distribution of sex in *Coprosma pumila* on Macquarie Island, Australia	DAVID G. LLOYD AND DONALD S. HORNING	5
Reproductive biology of *Discaria toumatou* (Rhamnaceae)	RICHARD B. PRIMACK	9
Plant succession in relation to periodic soil movements in the subalpine zone of the NE Ben Ohau Range, New Zealand	A. C. ARCHER	15
Shore line flora and vegetation of Lake Pukaki, South Canterbury, New Zealand	B. H. MACMILLAN	23
Long-term effects of burning on growth, flowering, and carbohydrate reserves in narrow-leaved snow tussock (*Chionochloa rigida*)	I. J. PAYTON AND A. F. MARK	43
Vesicular-arbuscular mycorrhizas in white clover: a scanning electron microscope and X-ray microanalytical study	GRAHAM D. WALKER AND CONWAY LL. POWELL	55
Identification by electron microscopy of marine nanoplankton from New Zealand, including the description of four new species	ØJVIND MOESTRUP	61
Cyathea cunninghamii in New Zealand	P. J. BROWNSEY	97
Book Review "The Oxford Book of New Zealand Plants" by L. B. Moore and J. B. Irwin, 1978	J. W. DAWSON	109
Announcement		111
Corrigendum		112

Volume 17, Number 2, June 1979

Chemotaxonomic studies in the Rubiaceae 1. Methods for the identification of hybridisation in the genus *Coprosma* J. R. et G. Forst. using flavonoids	RAYMOND D. WILSON	113
A study of human impact on an urban forest remnant: Redwood Bush, Tawa, near Wellington, New Zealand	R. G. BAGNALL	117
Comments on the phytoplankton and chemistry of three monomictic lakes in Westland National Park, New Zealand	E. A. FLINT	127
Effect of light on sporulation of *Plasmopara viticola*	P. J. BROOK	135
Relocation of species of *Endophragmia* auct. with notes on relevant generic names	S. J. HUGHES	139
Variation in *Phormium cookianum* (Agavaceae)	P. WARDLE	189
Leonard Cockayne and evolution	E. J. GODLEY	197
Short Communications *Asplenium lucidum* Forst. f., an illegitimate name for the New Zealand shining spleenwort	P. J. BROWNSEY	217

Aciphylla trifoliolata rediscovered — J. R. Le Comte — 219

Two additional Australian pollen types in New Zealand — M. K. Macphail — 221

Long-distance dispersal and self-incompatibility — K. K. Pandey — 225

Book Review
"Wild Plants of Mount Cook National Park" by Hugh D. Wilson, 1978 — A. E. Esler — 227

Obituary
Hugh Douglas Gordon 1912–1978 — J. K. Heyes — 229

Corrigenda — 231

Volume 17, Number 3, September 1979

Pollination of kiwifruit (*Actinidia chinensis* Planch.): stigma–style structure and pollen tube growth — M. E. Hopping and E. M. Jerram — 233

Observations on cell structure and cytology in the genus *Durvillaea* Bory — Margaret Roberts — 241

Dendrochronological studies of indigenous New Zealand trees — Peter W. Dunwiddie — 251

Bimuria novae-zelandiae gen. et sp. nov., a remarkable ascomycete isolated from a New Zealand barley field — David L. Hawksworth, Chea Chark Yen, and J. Edmund Sheridan — 267

Fungi Agaricini Novazelandiae. VII. *Rhodocybe* Maire — E. Horak — 275

Pythium erinaceum sp. nov. from wheatfields in Canterbury, New Zealand — G. I. Robertson — 283

Inflorescence initiation in *Trifolium repens* L.: influence of natural photoperiods and temperatures — R. G. Thomas — 287

Checklist of dicotyledons naturalised in New Zealand
3. Valerianaceae, Dipsacaceae, and Calyceraceae — David R. Given — 301

Checklist of dicotyledons naturalised in New Zealand
4. Rhoeadales — P. J. Garnock-Jones — 303

Rytidosperma Steudel (*Notodanthonia* Zotov) in New Zealand — H. E. Connor and E. Edgar — 311

Aciphylla montana Armstrong, *A. lecomtei* sp.nov., and related species — J. W. Dawson — 339

Nothofagus leoni Espinosa, a natural hybrid between *Nothofagus obliqua* (Mirb.) Oerst. and *Nothofagus glauca* (Phil.) Krasser — C. Donoso and L. R. Landrum — 353

Contributions to the Quaternary history of the New Zealand flora
8. Interglacial and glacial vegetation in the Westport District, South Island — N. T. Moar and R. P. Suggate — 361

Annotated summaries of letters to colleagues by the New Zealand botanist Leonard Cockayne — 1 — A. D. Thomson — 389

Short Communications
Leaf vernation in *Nothofagus* — W. R. Philipson and Melva N. Philipson — 417

Fruit-setting in *Sophora microphylla* Ait. — J. A. Rattenbury — 423

Volume 17, Number 4, December 1979

REPRODUCTION IN FLOWERING PLANTS

Review papers from an international symposium organised under the auspices of the Royal Society of New Zealand. Christchurch, New Zealand, 5–10 February 1979

Foreword — E. J. Godley — 425

Participants and papers presented — 427

Anthecology: Old Testament, New Testament, Apocrypha — Herbert G. Baker — 431

Flower biology in New Zealand — E. J. Godley — 441
Biotic pollination mechanisms in the Australian flora — a review — J. A. Armstrong — 467
Birds as pollinators of Australian plants — Hugh A. Ford, David C. Paton, and Neville Forde — 509
Breeding systems of trees in a tropical wet forest — Kamaljit S. Bawa — 521
Embryological studies on economic plants — N. Prakash — 525
Extended Abstract: Starch in angiosperm pollen grains and its anthecological significance — Herbert G. Baker and Irene Baker — 535
Pollen–stigma interaction in grasses: a brief review — J. Heslop-Harrison — 537
Breeding systems in the grasses: a survey — H. E. Connor — 547
A survey of reproductive biology in the Onagraceae — Peter H. Raven — 575
Parental strategies of angiosperms — David G. Lloyd — 595
The biology of heterostyly — Fred R. Ganders — 607
Genetic versatility of incompatibility in plants — D. Lewis — 637
Overcoming incompatibility and promoting genetic recombination in flowering plants — K. K. Pandey — 645
Parasexual reproduction in flowering plants — E. C. Cocking — 665
Index to Volume 17 — 675
